

FILL NET TRACKING SYSTEM

- Weight Tracking System is designed to monitor product test weights on production stations.
- Each weighed products were being stored on a server and can be reviewed directly by the quality assurance team.
- Weights should be checked regularly to maintain the quality of the products they serve.
- Materials consumption are properly monitored and recorded for inventory control

The screenshot displays the Del Monte Fill Net Tracking System interface. At the top, the Del Monte logo and tagline 'Life gets Better' are on the left, and the company name 'DEL MONTE Philippines, Inc.' with its address 'Iligan-Cagayan de Oro-Butuan Rd, Cagayan de Oro, Misamis Oriental' is on the right. A green navigation bar contains the following menu items: LOG IN, DATA ENTRY, REPORTS, PARAMETERS, and QUIT. In the center, the Del Monte Quality logo is prominently displayed. On the right side, a green panel shows the current date and time as '05/02/2016 10:52:44 - MONDAY' and the current shift as 'A SHIFT'. Below this, five yellow boxes list the weights for each station: STATION 1 : 20.50 oz., STATION 2 : 19.45 oz., STATION 3 : 21.15 oz., STATION 4 : 20.13 oz., and STATION 5 : 21.02 oz. At the bottom left, a small copyright notice reads: 'This computer program is protected by copyright law and international treaties.
